REASON: _____

NOTES (Include as applicable: sexual behavior - appropriate and inappropriate, employment status, home situation, current stresses, complaints & resolutions, current legal concerns, other significant mental status observations, and a description of the patient's participation in group or individual therapy):

PT reports general status is adequately stable & noted stress. He denies inappropriate urges & cognitions. A primary issue remains financial conflict & wife. He believes that he owes her \$2300.00 & she states he owes \$3100.00 on gas m. for his sons care etc.. PT has consulted an attorney but is frustrated & angry about wife's behavior. This has lead PT to accept "letting go of marriage" which has been difficult for him to internalize. PT reports feeling lonely & avoids contact from a dating service. He is somewhat depressed & tension headaches. PT hopes for a better future & some pessimism. (over)

The attending physician was available and continues to provide supervision for the patients on an ongoing basis.

DATE: 1.16.96 OFF WEEK: _____

The attending physician was available and continues to provide supervision for the patients on an ongoing basis.

Pt reports general status is adequately stable yet stressed. He denies inappropriate urges / cognitions. Pt brought a THANK YOU card from his son/victim for a Christmas gift. The boy expressed direct open hostility toward Pt for having been abusive sexually. Pt tends to repress emotions so thus it was difficult for him to express anger & sadness associated & gives hostile rejection. He is also frustrated as he cannot directly contact (via letter or phone) the boy. Pt is concerned for the boy's welfare who is 9y. This written communication is a blow to Pt. self esteem. Rec. he wrote letter to son acknowledging his feelings & be supportive. No other problems were presented. Will continue to follow case.

PATIENT: Mullis, Gary

DATE: 12.26.95

OFF WEEK: _____

The attending physician was available and continues to provide supervision for the patients on an ongoing basis.

It reports general status is adequately stable
in mild depression. He denies inappropriate urges/
impulsions. Employment area is stable as he
continues work in [REDACTED]

He continues to desire & seek a
position in dispatching.

It has found the holidays difficult
as he awaits his second session with his
therapist. Rec. he wrote therapist regarding
issue. It feels isolated from
the boy & holds some anger for
ex-wife. He presents as a passive dependent
tend; holding a pessimistic view in
general. Rec. he attempts to
keep issues in perspective. No
other problems were presented. Will
continue to follow case.

H reports general status is stable. He denies inappropriate urges / cognitions. H continues employment & enjoys same. He is sad that a recent possible dating relationship did not work & there was rejection after H disclosed his sexual hx. This was a very difficult decision for Gary. H expressed empathy for another group member felt isolation & fear of exposure in relationships. [REDACTED] No other problems were presented. Will continue to follow case.

H. reports general status is adequately stable. He denies inappropriate urges/cognitions. He continues to seek new employment opportunities. ie. N. Carolina Police dispatching position, HTA dispatching position.

He discussed his guilt about abuse of son & struggle for acceptance. He continues to grieve the loss of Sonny (2 1/2 yrs). He further evaluated how difficult it is for him to live in a paranoid community atmosphere & his past Hx.

No other problems were presented. Will continue to follow case.

PATIENT:

Mollis, Gary

DATE:

11.21.95

OFF WEEK:

The attending physician was available and continues to provide supervision for the patients on an ongoing basis.

R. reports general status is stable.
He denies inappropriate urges / compulsion.
The employment area is going well there
[unintelligible].

He continues to express concern for son/
Victim & is ANXIOUS to see boy AGAIN
- his longest - the waiting period is frustrating.

P. further explored his concern about rejection by peers / friends if he were to discuss his Dx & Hx. w them. He is concerned about the stigma related to same.

He presents as needing their acceptance,
forgiveness & a opportunity to unburden
self. Pres. He looks as developing
friendships & forgiving self.

No. 100 problems were presented

Will continue to follow case
